

**THE UNIVERSITY OF EDINBURGH  
MEDICAL SCHOOL AND RESEARCH INSTITUTES  
LITTLE FRANCE**

**SAFETY MANUAL & GENERAL  
BUILDINGS INFORMATION**

*This Manual provides an overview of Health and Safety and General Buildings Information for all University of Edinburgh operations on the Little France site (including The Chancellor's Building & Medical School, The Queen's Medical Research Institute (QMRI) and The Scottish Centre for Regenerative Medicine (SCRM). Specific local safety handbooks for laboratories within each building must be used in conjunction with this Manual.*

**CONTENTS**

- i. Preface
- ii. Key Emergency Actions
- iii. Who has responsibilities, and to whom do I report a problem?
- iv. Amendment Record
  - v. Significant changes since last amendment
  - vi. Document Control
  
- 1. University of Edinburgh Safety Policy Statement
- 2. Little France Buildings Safety Policy Statement
- 3. Smoking Policy
- 4. Safety Audits and Inspections, Enforcement, and Inspections by Regulatory Authorities
- 5. Fire Procedures
- 6. Disability Policy and Buildings Emergencies
- 7. Roles and Responsibilities
- 8. Risk Assessment and Supervision
- 9. Out-of-Hours Working
- 10. Lone Working
- 11. First Aid, Accidents and Near-Miss Reporting
- 12. General Safety Precautions
- 13. General Laboratory Safety Precautions
- 14. Special Safety Precautions
- 15. Cleaning of Laboratories
- 16. Manual Handling

17. Display Screen Equipment
18. Waste Management
19. Disposal of Radioactive Waste
20. Security
21. Security Cards and Keys
22. University Access and Permits to Work
23. University Stores and Deliveries
24. Buildings Systems
25. Building Fabric and Infrastructure
26. Building Facilities
27. General Safety for Contractors, Sub-Contractors and Outside Workers
28. Auditoria
29. Medical Libraries
30. Offices and Communal Areas
31. Conferences and Large-Scale Events
32. Health and Safety Training
33. Insurance
34. Business Continuity Planning
35. Occupational Road Risk

Appendix 1	Fire Co-ordinators, Evacuation Assembly Point Controllers, Fire Stewards, Fire Stewards weekly checks, and Recovery Teams
Appendix 2	Little France Buildings Health & Safety Committee and Floor-level Health & Safety Committees
Appendix 3	List of hazards which need to be considered when carrying out risk assessments
Appendix 4	Schedule 1 poisons and Schedule 5 substances
Appendix 5	Incompatible chemicals, materials liable to form peroxides in storage, and substances of very high concern
Appendix 6	First Aiders
Appendix 7	Health & Safety induction and continuation training records
Appendix 8	Health & Safety signage
Appendix 9	Health & Safety-Related Acts and Regulations
Appendix 10:	Regulation of drug precursors
Appendix 11:	Little France Buildings Health and Safety Committees
Appendix 12:	Little France Buildings Health and Safety management structure
Appendix 13:	Supplementary local Health & Safety policies and guidance notes
Appendix 14:	Immunisation
Appendix 15:	Recommended disinfectants for laboratory use
Appendix 16:	Substances that must not be disposed of to drain
Appendix 17:	University of Edinburgh Records Retention Schedule

# DETAILED CONTENTS

- i. Preface**
- ii. Key Emergency Actions**
- iii. Who has responsibilities, and to whom should I report a problem?**
- iv. Amendment Record**
- v. Significant changes since last amendment**
- vi. Document Control**

## **Section 1: University of Edinburgh Safety Policy Statement**

## **Section 2: Little France Buildings Safety Policy Statement**

## **Section 3: Smoking Policy**

- 3.1.1 Contents
- 3.2.1 Aim
- 3.3.1 Introduction
- 3.4.1 Policy
- 3.5.1 NHS Lothian smoking policy
- 3.6.1 Implementation
- 3.7.1 Support systems
- 3.8.1 e-cigarettes
- 3.9.1 Further information

## **Section 4: Safety Audits and Inspections, Enforcement, and Inspections by Regulatory Authorities**

- 4.1.1 Contents
- 4.2.1 Aim
- 4.3.1 Safety audits and inspections
- 4.4.1 Inspections by regulatory authorities
- 4.5.1 Further information

## **Section 5: Fire Procedures**

- 5.1.1 Contents
- 5.2.1 Aim
- 5.3.1 General introduction
- 5.4.1 Fire Stewards
- 5.5.1 Fire Co-ordinators
- 5.6.1 Evacuation Assembly Point Controllers
- 5.7.1 Buildings security staff
- 5.8.1 ENGIE Response Team
- 5.9.1 Scottish Fire and Rescue Service
- 5.10.1 University of Edinburgh's Fire Safety Unit
- CHANCELLOR'S BUILDING**
  - 5.11.1 Introduction
  - 5.12.1 Alarm system
  - 5.13.1 Actions to be taken in the event of a fire alarm sounding
  - 5.14.1 Evacuation assembly point
- QUEEN'S MEDICAL RESEARCH INSTITUTE (QMRI)**
  - 5.15.1 Introduction
  - 5.16.1 Alarm system
  - 5.17.1 Actions to be taken in the event of a fire alarm sounding
  - 5.18.1 Evacuation assembly point

## CENTRE FOR REGENERATIVE MEDICINE (CRM)

5.19.1 Introduction

5.20.1 Alarm system

5.21.1 Actions to be taken in the event of a fire alarm sounding

5.22.1 Evacuation assembly point

## ADVANCED CARE RESEARCH CENTRE (ACRC)

TBA Introduction

TBA Alarm system

TBA Actions to be taken in the event of a fire alarm sounding

TBA Evacuation assembly point

## OTHER BUILDINGS (AMEND THIS TITLE)

TBA Introduction

TBA Alarm system

TBA Actions to be taken in the event of a fire alarm sounding

TBA Evacuation assembly point

## FIRE EXTINGUISHERS AND TACKLING SMALL FIRES

5.23.1 Aim

5.24.1 Actions to be taken in the event of a fire alarm sounding

## FURTHER INFORMATION

5.25.1 Fire Action Notices

5.26.1 *Deaf Alerter* system

5.27.1 Fire alarm tests

5.28.1 Fire drills

5.29.1 Arrangements for large-scale meetings *etc.*

5.30.1 Working out-of-hours and lone working

5.31.1 Flammable reagents and organic solvents, storage of flammable substances, and the Dangerous Substances and Explosive Atmosphere Regulations 2002

5.32.1 Training

5.33.1 Further information

Annex A “In Case of Emergency”

Annex B Fire Investigation

## **Section 6: Disability Policy and Buildings Emergencies**

6.1.1 Contents

6.2.1 Aim

6.3.1 Introduction

6.4.1 Policy

6.5.1 Informing people with mobility, sensory and cognitive impairments of the evacuation procedures

6.6.1 Personal Emergency Assistance Plan (PEAP)

6.7.1 Out-of-hours and lone working arrangements

## CHANCELLOR’S BUILDING

6.8.1 Implementation

6.9.1 Phased fire alarm and building compartmentation

6.10.1 Action to be taken by a person with mobility, sensory or cognitive impairment

6.11.1 Protected safe areas, refuges, monitoring and evacuation

6.12.1 The role of Fire Stewards during an emergency evacuation - Procedures for supporting people with mobility, sensory or cognitive impairments

- 6.13.1 Recovery Teams
- 6.14.1 Communications
- 6.15.1 Signage
- QUEEN'S MEDICAL RESEARCH INSTITUTE
- 6.16.1 Implementation
- 6.17.1 Phased fire alarm and building compartmentation
- 6.18.1 Informing people with mobility, sensory or cognitive impairments of evacuation procedures
- 6.19.1 Protected safe areas, refuges, monitoring and evacuation
- 6.20.1 The role of a Fire Steward during an emergency evacuation - Procedures for supporting people with mobility, sensory or cognitive impairments
- 6.21.1 Recovery Teams
- 6.22.1 Rescue chairs
- 6.23.1 Communications
- 6.24.1 Signage
- CENTRE FOR REGENERATIVE MEDICINE (CRM)
- 6.25.1 Implementation
- 6.26.1 Phased fire alarm and building compartmentation
- 6.27.1 Informing people with mobility, sensory or cognitive impairments of evacuation procedures
- 6.28.1 Protected safe areas, refuges, monitoring and evacuation
- 6.29.1 The role of a Fire Steward during an emergency evacuation procedures for supporting people with mobility, sensory or cognitive impairments
- 6.30.1 Recovery Teams
- 6.31.1 Rescue chairs
- 6.32.1 Communications
- 6.33.1 Signage
- ADVANCED CARE RESEARCH CENTRE (ACRC)
- OTJHER BUILDINGS (AMEND THIS TITLE)
- FURTHER INFORMATION
- 6.34.1 *Deaf Alerter* system
- 6.35.1 Lifts
- 6.36.1 People with a hearing impairment
- 6.37.1 People with a visual impairment
- 6.38.1 Women in late pregnancy
- 6.39.1 Training
- 6.40.1 Further information

## **Section 7: Roles and Responsibilities**

- 7.1.1 Contents
- 7.2.1 Aim
- 7.3.1 Introduction
- 7.4.1 Policy
- 7.5.1 The Health & Safety at Work *etc* Act 1974
- 7.6.1 The structure of the Health & Safety organisation for Edinburgh bioQuarter
- 7.7.1 Edinburgh bioQuarter Buildings Health & Safety Committee
- 7.8.1 Floor-level Health & Safety Committees
- 7.9.1 Laboratory module Health & Safety Sub-Committees

- 7.10.1 Genetic Modification and Biological Safety Committees
- 7.11.1 Role of the Health & Safety Manager
- 7.12.1 Responsibilities of Heads of School
- 7.13.1 School/Deanery Health & Safety Advisory Committees
- 7.14.1 Responsibilities of Heads of Division (or equivalent management unit)
- 7.15.1 Responsibilities of members of the academic staff, principal investigators and laboratory managers
- 7.16.1 Responsibilities of part-time postgraduate demonstrators
- 7.17.1 Responsibilities of all University employees, postgraduate and undergraduate students and visiting workers
- 7.18.1 Visitors
- 7.19.1 Young people
- 7.20.1 Training
- 7.21.1 Insurance
- 7.22.1 Further information

**Section 8: Risk Assessment and Supervision**

- 8.1.1 Contents
- 8.2.1 Aim
- 8.3.1 Introduction
- 8.4.1 Policy
- 8.5.1 Risk assessment
- 8.6.1 Pregnancy
- 8.7.1 Illness
- 8.8.1 Supervision of work
- 8.9.1 Visitors
- 8.10.1 Young people
- 8.11.1 Training
- 8.12.1 Further information
- Annex A Common failings with Risk Assessments, and some “Must Do’s”

**Section 9: Out-of-Hours Working**

- 9.1.1 Contents
- 9.2.1 Aim
- 9.3.1 Introduction
- 9.4.1 Definition of “hours of expected building occupancy”
- 9.5.1 Policy
- 9.6.1 Implementation
- 9.7.1 “High risk” activities
- 9.8.1 Further information

**Section 10: Lone Working**

- 10.1.1 Contents
- 10.2.1 Aim
- 10.3.1 Introduction
- 10.4.1 Definition of “Lone Working”
- 10.5.1 Policy
- 10.6.1 Implementation
- 10.7.1 Members of staff
- 10.8.1 Undergraduate students and inexperienced members of staff
- 10.9.1 Post-graduate students

- 10.10.1 Evidence of competence to work alone
- 10.11.1 “Low Risk” activities
- 10.12.1 “High Risk” activities
- 10.13.1 Required experience and qualifications
- 10.14.1 Other post-graduate students
- 10.15.1 Short-term students
- 10.16.1 Academic, academic-related, post-doctoral, post-graduate and technical staff from other departments
- 10.17.1 Security
- 10.18.1 Further information

## **Section 11: First Aid, Accidents and Near-Miss Reporting**

- 11.1.1 Contents
  - 11.2.1 Aim
  - 11.3.1 Introduction
  - 11.4.1 Policy
  - 11.5.1 Legal obligations
  - 11.6.1 Notification of accidents, occupational ill health, dangerous occurrences or incidents
  - 11.7.1 On-line accident reporting
  - 11.8.1 Notification of “near miss” occurrences
  - 11.9.1 Accident investigation
  - 11.10.1 Reporting occupational ill health
  - 11.11.1 Genetically modified micro-organisms
  - 11.12.1 First aid
  - 11.13.1 Needle-stick injuries
  - 11.14.1 Training
  - 11.15.1 Further information
- Annex A Template for first aid signage

## **Section 12: General Safety Precautions**

- 12.1.1 Contents
  - 12.2.1 Aim
  - 12.3.1 Introduction
  - 12.4.1 Policy
- GENERAL RULES FOR LABORATORY WORKERS
- 12.5.1 Further information

## **Section 13: General Laboratory Safety Precautions**

- 13.1.1 Contents
- 13.2.1 Aim
- 13.3.1 Introduction
- 13.4.1 Policy
- 13.5.1 Further information

## **Section 14: Special Safety Precautions**

- 14.1.1 Contents
  - 14.2.1 Aim
  - 14.3.1 Introduction
  - 14.4.1 Policy
- GENERAL SAFETY MATTERS
- 14.5.1 Fire in the building
  - 14.6.1 General fire precautions
  - 14.7.1 First aid

- 14.8.1 Personal protective equipment
- 14.9.1 Emergency showers
- 14.10.1 Overnight experiments
- 14.11.1 Fume hoods (fume cupboards)
- 14.12.1 Biological safety cabinets
- 14.13.1 Equipment within fume hoods and safety cabinets
- 14.14.1 Pipetting
- 14.15.1 Transport
- 14.16.1 Manual handling
- 14.17.1 Display screen equipment
- 14.18.1 Autoclaves and pressure cookers
- 14.19.1 Maintenance of equipment
- ELECTRICAL SAFETY MATTERS
- 14.20.1 Electrical equipment
- 14.21.1 Electric heating mantles
- 14.22.1 Ovens
- 14.23.1 Cold rooms
- 14.24.1 Further information
- MECHANICAL SAFETY MATTERS
- 14.25.1 Mechanical equipment (including centrifuges)
- 14.26.1 Further information
- BUILDING SERVICES MATTERS
- 14.27.1 Water
- 14.28.1 Communal-use cold rooms
- 14.29.1 Rooms supplied with CO<sub>2</sub> (and Incubator Safety)
- 14.30.1 Further information
- BIOLOGICAL SAFETY MATTERS
- 14.31.1 Introduction
- 14.32.1 Work entailing use of medical sharps
- 14.33.1 Schedule 5 materials
- 14.34.1 Genetically modified micro-organisms
- 14.35.1 Further information
- CHEMICAL SAFETY MATTERS
- 14.36.1 Hazardous chemicals
- 14.37.1 Highly reactive chemicals and explosive reactions
- 14.38.1 Precursor chemicals
- 14.39.1 The Drugs Act 2005 and Misuse of Drugs Act 1971
- 14.40.1 Flammable reagents and organic solvents
- 14.41.1 Toxic or dangerous substances
- 14.42.1 Compressed gases
- 14.44.1 Cryogenic materials, liquefied gases and solid carbon dioxide
- 14.43.1 Liquid nitrogen and liquid nitrogen plant rooms
- 14.45.1 Chemical disposal
- 14.46.1 Spill management
- 14.47.1 Further information
- RADIATION SAFETY MATTERS
- 14.48.1 Ionising radiation
- 14.49.1 Designated areas
- 14.50.1 Non-ionising radiation
- 14.51.1 Lasers

14.52.1 Magnetic resonance imaging (MRI)  
14.53.1 Further information  
FURTHER INFORMATION  
14.54.1 Further information  
ANNEX A Model for a spill management plan

**Section 15: Cleaning of Laboratories**

15.1.1 Contents  
15.2.1 Aim  
15.3.1 Introduction  
15.4.1 Policy  
PART ONE – GUIDANCE FOR MANAGERS AND SUPERVISORS  
15.5.1 General information  
15.6.1 Biological containment level two laboratories  
15.7.1 Responsibilities of laboratory personnel  
15.8.1 Radiation supervised areas  
15.9.1 Biological containment level three and radiation controlled  
laboratories  
15.10.1 Provision of information and instruction  
15.11.1 Supervision and monitoring  
PART TWO – GUIDANCE FOR CLEANERS WORKING IN  
LABORATORIES  
15.12.1 Introduction  
15.13.1 General hazards  
15.14.1 Chemicals  
15.15.1 Micro-organisms  
15.16.1 Radiation  
PART THREE - RULES FOR CLEANERS IN LABORATORIES  
15.17.1 Do's  
15.18.1 Do not's  
15.19.1 If ...  
15.20.1 Waste management  
15.21.1 Further information

**Section 16: Manual Handling**

16.1.1 Contents  
16.2.1 Aim  
16.3.1 Introduction  
16.4.1 Policy  
16.5.1 Safe manual handling  
16.6.1 Training  
16.7.1 Further information

**Section 17: Display Screen Equipment**

17.1.1 Contents  
17.2.1 Aim  
17.3.1 Introduction  
17.4.1 Policy  
17.5.1 Safe display screen equipment operations  
17.6.1 Training  
17.7.1 Further information

**Section 18: Waste Management**

18.1.1 Contents

- 18.2.1 Aim
- 18.3.1 Introduction
- 18.4.1 Policy
- 18.5.1 Implementation
- 18.6.1 Use and disposal of ethidium bromide
- 18.7.1 Disposal of other special (hazardous) waste
- 18.8.1 Disposal of chemical waste
- 18.9.1 Disposal of confidential waste
- LABORATORY WASTE MANAGEMENT
- 18.10.1 Further information

**Section 19: Disposal of Radioactive Waste**

- 19.1.1. Contents
- 19.2.1 Aim
- 19.3.1 Introduction
- 19.4.1 Policy
- 19.5.1 Implementation
- 19.6.1 Disposal of different types of radioactive waste
- 19.7.1 Record keeping
- 19.8.1 Storage of radioactive waste
- 19.9.1 Further information

**Section 20: Security**

- 20.1.1 Contents
- 20.2.1 Aim
- 20.3.1 Introduction
- 20.4.1 General crime prevention
- 20.5.1 General security guidance
- 20.6.1 Human resources
- 20.7.1 Contingency plans
- 20.8.1 Access control
- 20.9.1 Suspicious packages
- 20.10.1 Suspicious items received in the post
- 20.11.1 Threats of violence
- 20.12.1 Threats made by telephone
- 20.13.1 Threats made in writing
- 20.14.1 Threats made in person
- 20.15.1 Threats made at home
- 20.16.1 Security of biological materials for transport
- 20.17.1 Protection against electronic attack ('hacking')
- 20.18.1 Security of confidential information
- 20.19.1 Further information

**Section 21: Security Cards and Keys**

- 21.1.1 Contents
- 21.2.1 Aim
- 21.3.1 Introduction
- 21.4.1 Procedures
- 21.5.1 Further information

**Section 22: University Access and Permits to Work**

- 22.1.1 Contents
- 22.2.1 Aim
- 22.3.1 Introduction

- 22.4.1 Chancellor's Building
- 22.5.1 Queen's Medical Research Institute
- 22.6.1 General guidelines for workers
- 22.7.1 Further information
- Annex A ENGIE Permit to Work
- Annex B UofE model for permits to work affecting laboratories

### **Section 23: University Stores and Deliveries**

- 23.1.1 Contents
- 23.2.1 Aim
- 23.3.1 Introduction
- 23.4.1 Rules for external deliveries
- 23.5.1 General points and operations for stores
- 23.6.1 Purchasing goods from the stores
- 23.7.1 Loading Bays
- 23.8.1 Solvent and flammable materials stores
- 23.9.1 Gas bottle stores
- 23.10.1 Contact details
- 23.11.1 Further information

### **Section 24: Buildings Systems**

- 24.1.1 Contents
- 24.2.1 Aim
- 24.3.1 Vacuum system
- 24.4.1 CO<sub>2</sub> manifold
- 24.5.1 Liquid nitrogen
- 24.6.1 Autoclaves and pressure cookers
- 24.7.1 Laboratory decommissioning
- 24.8.1 Further information

### **Section 25: Building Fabric and Infrastructure**

- 25.1.1 Contents
- 25.2.1 Aim
- 25.3.1 Chancellor's Building
- 25.4.1 Queen's Medical Research Institute (QMRI) and Scottish Centre for Regenerative Medicine (SCRM)
- 25.5.1 Further information

### **Section 26: Building Facilities**

- 26.1.1 Contents
- 26.2.1 Aim
- 26.3.1 Chancellor's Building
- 26.4.1 Queen's Medical Research Institute (QMRI)
- 26.5.1 Scottish Centre for Regenerative Medicine (SCRM)
- 26.6.1 Energy conservation
- 26.7.1 Further information

### **Section 27: General Safety for Contractors, Sub-Contractors and Outside Workers**

- 27.1.1 Contents
- 27.2.1 Aim
- 27.3.1 Introduction
- 27.4.1 Policy
- 27.5.1 Rules for contractors, sub-contractors and outside workers
- 27.6.1 Further information

## **Section 28: Auditoria**

- 28.1.1 Contents
- 28.2.1 Aim
- 28.3.1 Chancellor's Building
- 28.4.1 Queen's Medical Research Institute
- 28.5.1 Scottish centre for Regenerative Medicine
- 28.6.1 Buildings emergencies
- 28.7.1 Further information

## **Section 29: Medical Libraries**

- 29.1.1 Contents
- 29.2.1 Aim
- 29.3.1 Introduction
- 29.4.1 Access
- 29.5.1 Opening hours
- 29.6.1 Stock
- 29.7.1 Computers
- 29.8.1 Library services
- 29.9.1 User education
- 29.10.1 Further information

## **Section 30: Offices and Communal Areas**

- 30.1.1 Contents
- 30.2.1 Aim
- 30.3.1 Introduction
- 30.4.1 A safe workplace
- 30.5.1 Fire
- 30.6.1 Electrical
- 30.7.1 Physical hazards
- 30.8.1 Manual handling
- 30.9.1 Display screen equipment safety
- 30.10.1 Disposal of confidential waste
- 30.11.1 Training
- 30.12.1 Further information

## **Section 31: Conferences and Large-Scale Events**

- 31.1.1 Contents
  - 31.2.1 Aim
  - 31.3.1 Introduction
  - 31.4.1 Policy
  - 31.5.1 Pre-event organisation
  - 31.6.1 During the event
  - 31.7.1 Post-event
  - 31.8.1 Further information
- Annex A "In case of emergency"

## **Section 32: Health and Safety Training**

- 32.1.1 Contents
- 32.2.1 Aim
- 32.3.1 Introduction
- 32.4.1 Training needs analyses
- 32.5.1 Induction training
- 32.6.1 Continuation training
- 32.7.1 Centrally-delivered training

- 32.8.1 Locally-delivered training
- 32.9.1 On-line training for Little France-based staff
- 32.10.1 Training records
- 32.11.1 Further information

**Section 33: Insurance**

- 33.1.1 Contents
- 33.2.1 Aim
- 33.3.1 Introduction
- 33.4.1 Public Liability Insurance
- 33.5.1 Claims against the University
- 33.6.1 Short-term visitors
- 33.7.1 Adding equipment to the Insurance Register
- 33.8.1 Equipment loan policy and indemnity
- 33.9.1 Further information

**Section 34: Business Continuity Planning**

- 34.1.1 Contents
- 34.2.1 Aim
- 34.3.1 Introduction
- 34.4.1 Business continuity plan
- 34.5.1 Threat assessment
- 34.6.1 Critical activities and priorities
- 34.7.1 Critical activities
- 34.8.1 Prioritisation
- 34.9.1 CMVM crisis management team
- 34.10.1 Sub-groups
- 34.11.1 Health & Safety
- 34.12.1 Further information

**Section 35: Occupational Road Risk**

- 35.1.1 Contents
- 35.2.1 Aim
- 35.3.1 Introduction
- 35.4.1 Policy
- 35.5.1 Edinburgh City Car Club
- 35.6.1 e-Bikes
- 35.7.1 Managing occupational road risk
- 35.8.1 Further information

- Appendix 1:** Fire Co-ordinators, Evacuation Assembly Point Controllers, Fire Stewards, Fire Stewards weekly checks, and Recovery Teams
- Appendix 2:** Little France Buildings Health & Safety Committee and Floor-level Health & Safety Committees
- Appendix 3:** List of hazards which need to be considered when carrying out risk assessments
- Appendix 4:** Schedule 1 poisons and Schedule 5 substances
- Appendix 5:** Incompatible chemicals, materials liable to form peroxides in storage, and substances of very high concern
- Appendix 6:** First Aiders
- Appendix 7:** Health & Safety induction and continuation training records

<b>Appendix 8:</b>	Health & Safety signage
<b>Appendix 9:</b>	Health & Safety-Related Acts and Regulations
<b>Appendix 10:</b>	Regulation of drug precursors
<b>Appendix 11:</b>	Little France Buildings Health & Safety Committees
<b>Appendix 12:</b>	Little France Buildings Health & Safety management structure
<b>Appendix 13:</b>	Supplementary local Health & Safety policies and guidance notes
<b>Appendix 14:</b>	Immunisation
<b>Appendix 15:</b>	Recommended disinfectants for laboratory use
<b>Appendix 16:</b>	Substances that must not be disposed of to drain
<b>Appendix 17:</b>	University of Edinburgh Records Retention Schedule
